Note: UK & Lisbon calls, subject to sufficient volume. All Vessels are subject to substitution and final ETA's and timing for delivery/receipt of cargo to be coordinated with ANLIN Shipping

# WEATHER FORECAST

- WEATHER SYSTEM MAKING WAY TO CAPE TOWN AM WEDNESDAY 12/08.
- STRONG SW WINDS FORECAST FOR PE MIDDAY TUESDAY 11/08.

# General Feedback

1. CTCT Container Terminal berthing has recovered well at this time.
2. DCT is incurring some berthing delays however.
3. Truck arrivals to Durban expected to decrease from this week as production begins to taper down.
4. Expect last week of major citrus container packing this week in Durban.
5. Focus for coming 4-5 weeks will be on exports from E Cape region as production expected to increase in line with estimates.
6. Citrus industry and TPT (planning and ops) will be holding weekly reefer do-ability telecoms (Wednesdays), any pressing issues can be tabled with CGA, FPEF, PPECB or SAAFF and this will be tabled with TPT.
7. Please note that CGA will distribute extensive production and export statistics data every Friday at midday.
