## **Citrus Logistics and Vessel Status Update**

Issues and developments regarding the exporting of citrus at this time –

1. As of today DCT Pier 2 and CTCT have added an additional vessel to the berthing line up. As far as NCT goes, there is no plan to add an additional vessel to the berth line up.
2. The 2 Mobile Harbour Cranes have now been received at PECT and are in process of being assembled and certified. We will send updates as soon as we learn when they will be commissioned into service. This should be ready in time for the new product offering PECT transshipping EU/UK/RUSSIA/MED from Algeciras by Maersk Line.
3. If there are any logistics issues which need to be addressed by national government, please contact CGA as we can add these issues to the Bureau for Food and Agriculture Policy (BFAP) database. These issues are being elevated to national government for resolution.
